

CHANYOUNG KIM

flashcy@inha.edu

RESEARCH INTERESTS

Generative Models, Multimodal Learning, Text-to-Motion

EDUCATION

Inha University

M.S. in Electrical and Computer Engineering Advisor: Prof. Byung-seok Shin

Incheon, Korea

Mar. 2025 – Present

Inha University

B.S. in Computer Science Engineering | Graduated in 7 Semesters

Incheon, Korea

Mar. 2019 – Feb. 2025

PUBLICATIONS

Chanyoung Kim, Jion Kim, Byeong-Seok Shin, “Global-Local Embedding Gating Network for Part-wise Text-to-Motion Generation,” *Computers, Materials and Continua (CMC)*, 2026.

Jion Kim, Chanyoung Kim, Byeong-Seok Shin, “Dual-pathway Diffusion Models for Component-Aware Time Series Generation,” *Under Review*, .

Chanyoung Kim, Jion Kim, Byeong-Seok Shin, “Semantic Joint Grouping for Text-to-Motion Diffusion Model,” *Korea Software Congress (KSC)*, 2025.

EXPERIENCE

International Collegiate Challenge for AI-Assisted Society

Participant, University of Warwick

Coventry, UK

Jul. 2024 – Aug. 2024

MediaAI Lab, Inha University

Research Intern

Incheon, Korea

Mar. 2024 – Jun. 2024

HONORS AND AWARDS

Outstanding Poster Award

Europe-Korea Conference on Science and Technology (EKC) 2024

Aug. 2024

3rd Prize, International Collegiate Challenge for AI-Assisted Society

University of Warwick

Aug. 2024

3rd Prize, Capstone Design, Spring 2024

Inha University

Jun. 2024

Gold Award, Inha University Programming Contest (IUPC) 2024

Inha University

Apr. 2024

Academic Scholarship

Inha University

Sep. 2019
